

## MEMBRANES seminar

### Advanced methods in MEMBRANE protein research

The 3<sup>rd</sup> of June, 2014

Auditorium 6 Biochemistry, Building 1170

- 15.00 - 15.05: Welcome
- 15.05 - 15.35: Søren Paludan/ Line Reinert/Anders Etzerodt  
"PCR multiplexing on single cells by **Fluidigm biomark**"
- 15.35 - 16.05: Anders Etzerodt  
"Protein and particle analysis by **light scattering**"
- Coffee (and cake!) break
- 16.20 - 16.50: Claus Oxvig  
"Analysis of protein function *in vivo* using the **zebrafish facility**"
- 16.50 - 17.20: Joseph Lyons  
"From membranes to membrane protein structure" using the **crystallization robot**
